General Information

#### **Information Required:**

Purchase Order and Date Quantity Product Name and Description Leather/Fabric Name and Color Finish Selection Type of Cushion Any Optional Trim, Cording, Nail Heads, etc. Account Name and Number Complete Shipping Address

#### Orders and Correspondence sent to:

RM COCO Decor Ltd 1389 Southern Expressway Cape Girardeau MO 63703 Phone 800-325-8025 Fax 800-501-6810

Email <u>customerservice@rmcoco.com</u>

Acknowledgements: An order acknowledgement will be emailed or faxed immediately upon processing the order. The acknowledgement should be checked immediately for accuracy. In the event of an error, call customer service as soon as possible; otherwise, the order will be considered correct and the merchandise will be built and shipped as acknowledged.

Cancellations: Cancellations must be confirmed. Since all merchandise is made to the customer's specification we cannot accept a cancellation after it has started production.

Delivery/Shipping: All delivery dates are approximate and subject to conditions beyond our control. All orders will be shipped complete unless otherwise indicated.

Items should be carefully inspected upon delivery. Note any visible damage on the Bill of Lading (BOL). A claim for transit damage (visible or concealed) must be filed by the customer with the freight carrier within 10 days.

Truck delivery to residential addresses is not always possible. A freight receiver is recommended and sometimes required.

Fabric: The warranty for upholstery fabrics will rely upon the warranty of the fabric manufacturer as to the quality, color fastness and/or durability of any upholstery material in our fabric line. Any adjustment will be at the discretion of the fabric manufacturer. This warranty does not cover fading, pilling, or shrinkage and is not valid where there is evidence of heavy soiling. All fabric warranties are void if improperly cleaned or treated with a chemical fabric treatment.

Leather: See the product catalog for a full description and characteristics of all the leather upholstery options.

#### **Seat Cushion Filling:**

Basic Comfort - Premium, high resilience foam core wrapped with layers of Dacron polyester. Fiber encased in a sewn ticking.

Firm Comfort - Firmer premium, high resilience foam core wrapped wth layers of Dacron polyester fiber encased in a sewn ticking.

Comfort Fill - Supportive foam core wrapped with feather and specialized polyester fibers give initial soft feel and deep sit. Upcharge applies if compfort fill is not standard.

Blend Down – Soft foam core wrapped with natural feathres and specialized polyester fibers offer our softest sit.

Luxury Coil – High carbon steel coils wrapped in foam, natural feathers and specialized polyester fibers offer our most supportive sit.

#### Back and Pillow Filling:

Blend Down – Natural feathers and specialized polyester fibers offer soft long lasting comfort. Standard in all backs and pillows.

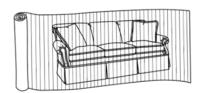

All Fiber – 100% specialized polyester fibers, for a soft lasting comfort.

All Down – 100% natural feathers provide our most supportive feel.

Fabric Application: Our woven and printed upholstery fabrics often have a focal point you wish to be centered or have specific placement on the back pillows and seat cushions. When applicable, the pattern will flow from the seat cushion down the cushion boxing, the seat front and onto the skirt. Make note on the order form any specific location of motifs or focal points. Many fabrics are cut "railroaded" others are cut "up the bolt" because of the direction of the pattern in the fabric. Fabrics that are not railroaded will require seaming when applied to long cushions and tight backs. We cut fabrics not railroaded to avoid seams when possible. If not possible, we will position the necessary seams at our discretion. See illustrations below.

Railroad Application

C.O.M.: A COM Form will be completed and submitted to the manufacturer with the purchase order along with a small cutting of the fabric. This form is used for information purposes only to communicate direction of fabric motif and pattern along with any specific instruction for

placement of design. Unless specific cutting instructions are provided, it will be cut and applied by the factory at their discretion without liability for doing so. The following guidelines will apply:

When selecting fabric please consider a few points:

- Yardage requirements provided are a minimum for a plain fabric
- Make certain the fabric selected is suitable for upholstery on furniture
- If fabric is less than 54" wide, additional yardage is required

If using a plain fabric less than 54" wide, add the following:

50" wide – add 15% 48" wide - add 20% 45" wide - add 25%

If using a fabric with a repeat pattern, add the following:

Under 7" - add 10% Over 7" to 13" – add 20% Over 13" to 21" - add 25% Over 21" to 27" – add 30% Over 27" to 32" - add 35%

Excess fabric will be returned unless requested. If the excess is less than 1 yard, it will not be returned.

Manufacturer's Warranty – Limited Warranty

Reclining Mechanisms and Springs: The Manufacturer warrants to you, the original retail purchaser, protection against defective materials or workmanship for a period of five (5) years from the original date of purchase, based on reasonable use. The Manufacturer will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty covers replacement parts only and does not cover any associated labor or shipping costs.

Frame Parts: Manufacturer warrants to you, the original retail purchaser, protection against materials or workmanship for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Manufacturer will, at its discretion, repair or replace the part that is defective. After the first year of use, the frame warranty covers replacement parts only and does not cover any associated labor or shipping costs.

Filling Materials: Manufacturer warrants to you, the original retail purchaser, protection against defective materials or workmanship of the inside back filler, padding and other filling materials for a period of one (1) year from the date of original retail purchase. Compression of filling materials with use is normal and should not be considered loss of resiliency.

Cushion Cores: Manufacturer warrants to you, the original retail purchaser, protection against abnormal loss of resiliency for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Some softening and flattening of the foam core and fiber/feather wraps should be expected and will not be considered defective. After the first year of use, the cushion core warranty covers replacement cores only and does not cover any associated labor or shipping costs.

Power Recline: Manufacturer warrants to you, the original retail purchaser, and protection against a defective power recline mechanism for a period of three (3) years from the date of original retail purchase. Manufacturer will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Please understand that Manufacturer will invoice you for the new parts but will be glad to credit you for the old parts if returned within thirty (30) days.

Battery Pack (Power Recline Option): Manufacturer warrants to you, the original retail purchaser, protection against a defective battery pack associated with the power recliner option for a period of one (1) year from the original date of purchase. The mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Battery packs recharge in 8 hours; have approximately 200 full cycles per charge with approximately 400 recharge cycles. These can retro-fit to past motors and control boxes (cable needed).

Claims: To make a claim under this Warranty, contact the dealer from whom the product was purchased with your dated proof of purchase. If the dealer finds return to the factory to be necessary, repair or replacement of defective parts will be made through the dealer during the first year at no cost to the customer, except for the cost of packing and shipping to and from the factory. After the first year of purchase, the above warranty covers replacement parts only and

does not cover labor or shipping costs of parts. After the first three years, the mechanism must be returned to the Manufacturer in order to take advantage of the Warranty.

#### Warranty Limitations: This warranty does NOT include:

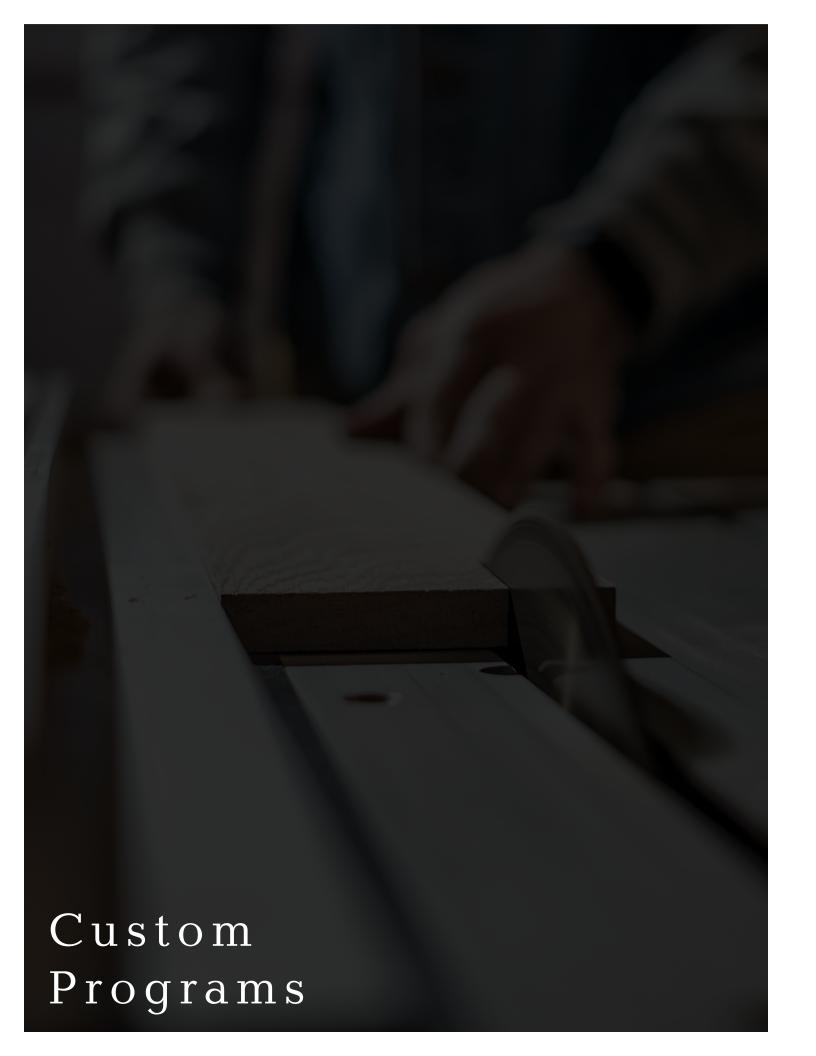

- The wearing of quality, durability and color fastness of fabrics or leathers.
- Any condition resulting from other than ordinary residential wear, or from any use for which the product was not designed.
- Manufacturer is not responsible for fading or discoloration of leather due to sunlight (direct or indirect) or body oils.
- Manufacturer is not responsible for pickup or delivery charges for local repairs or inspections under the above warranty.
- Any condition resulting from the use of an aftermarket cleaning/conditioning product.

Manufacturer's obligation under this Warranty is limited to repair or replacement in accordance with the terms of this warranty. There are no warranties, either expressed or implied, offered by Manufacturer other than those herein described. Coverage under this Warranty does not include incidental or consequential damages other than the coverage described above. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Any questions concerning the product or this Warranty should be addressed with the Manufacturer through your distributor. To avoid problems, written authorization from the Manufacturer is needed before the return of merchandise for any reason.

All inquiries should be sent to:

RM COCO Décor 1389 Southern Expressway Cape Girardeau MO 63703

Authorization for local repairs must be obtained from the Manufacturer prior to repairs.

The Sleeper Series offers one of the most comfortable sleep surfaces in the industry. Comfort and style, the perfect combination.

#### NOT YOUR AVERAGE MATTRESS

Choose from four luxurious mattress options

#### **COZY** (only available in Alastair style)

This mattress is 9 " (twice the thickness of a traditional sleeper sofa mattress) to provide luxurious comfort. The Cozy Mattress is beloved by the most famous hotels in the world.

#### AIR DREAM MATTRESS (only available in Eastwick style)

The ultimate in sofa sleeper mattress comfort.

The air cushion layer allows you to adjust the firmness of your mattress from plush firm to supportive soft feel.

- Inflates in less than a minute
- 11" high when fully inflated

#### KINGSDOWN PLATINUM (only available in Eastwick style)

A firm, high density foam mattress with damask fabric ticking. Standard mattress for Eastwick sleepers.

#### **GEL INFUSED FOAM** (only available in Eastwick style)

A revolutionary mattress that combines a top layer of gel infused foam that conforms to your body and swirled gel layer to provide a soothing sleep surface.

#### **SLEEP MECHANISM**

The low profile linkage makes this sleeper series the easiest in the industry to operate.

#### **Blend Down**

SOFTEST

Soft polyurethane core with a thick layer of specialized polyester fibers and natural feathers on top and bottom encased in a down-proof ticking. Outer ticking is channeled or baffled to minimize the movement of fiber and feathers during use. This seat construction is our softest and least supportive.

Disclaimer: requires more fluffing and turning than other constructions, and seat cushion cover may wrinkle over time.

Comfort Fill (also available in Comfort Fill Firm)

EMI - SOFT

Comfort fill features multi-layered construction with a supportive polyurethane core. A layer of super-soft foam topped with a blend of specialized polyester fibers and natural feathers encased in a down-proof ticking. Outer ticking is channeled or baffled to minimize movement of fiber and feathers during use. This construction has an initial soft feel as you travel through the super-soft foam, feathers, and fiber with a supportive ending. We offer Comfort Fill Firm for those wanting a firmer feel at the core of this construction.

Serene<sup>®</sup> Foam

SEMI - FIRM

Down alternative constructed using a specialized foam from Carpenter Co. This construction starts with a specialized polyester fiber top, then a layer of Serene foam ending with supportive polyurethane core. Supportive air technology adjusts to individual body contours to create a unique feeling, unlike any other foam.

Serene is a registered trademark of Carpenter Co.

Basic Comfort (also available in Basic Comfort Firm)

One of our down alternative constructions using specialized polyester fibers and high resiliency polyurethane foam. The cell structure of high resiliency foam has a spring effect that provides supportive feel and helps retain original shape over time. We offer Basic Comfort Firm for those wanting a firmer feel to this construction. If Basic Comfort is standard for style all other seating constructions will incur an up-charge.

Luxury Coil

-IRM

Our most supportive construction using high carbon steel coils. The core is wrapped in foam topped with a blend of fiber and natural feathers. Outer ticking is channeled or baffled to minimize movement of fiber and feathers during use. This construction provides the most weight support and firmest sit.
