PARIS TEXAS HARDWARE™

2022 Drapery Hardware Catalog

A Modern Legacy.

Paris Texas Hardware Mission »

With a dedication to exceptional design and superior service, Paris Texas Hardware offers a unique, elegant and high quality selection of decorative drapery hardware and accessories. We believe all of our products will be unrivaled in their ability to stand alone as decorative, durable and functional. Paris Texas Hardware will offer an enjoyable customer experience that includes honest dialogue and responsive feedback.

Designed to *Inspire.*

Celebrating 30 years Designed to Inspire

For over 30 years, Paris Texas Hardware has been dedicated to evolving our legacy of providing exceptional design and superior service. Our in-house design team places you at the center of the design process while staying true to our heritage of curating designs that are uniquely our own.

We respect the important relationship between style and function in design and are excited to introduce many customized solutions that are perfectly balanced to inspire your vision into a reality.

Whether it's a Modern finial silhouette that has never been seen before, a Heritage Classic with a new twist or a customized traverse solution integrated with the latest smart home technology, we promise to provide you with something different – a collective style designed to inspire that you cannot find anywhere else in the world.

Trusted Heritage

In celebration of our 30 year anniversary, we promise to deliver on our rich legacy of providing high quality products, unique & elegant designs, a wide selection of finishes and superior service combined with designer expertise to elevate your design vision.

High Quality Products

Our products are tailored specifically to your needs and designed to be unrivaled in their ability to stand alone as the perfect combination of smart, decorative, durable and functional.

Wide Selection of Finishes

With a choice between our 35 Hand Painted Portfolio Finishes, 6 Quick Ship Metal Finishes, 5 Quick Ship Wood & Resin Finishes and PTH Perfect Match™, the possibilities are endless. Our talented artisans enjoy the challenge of creating any finish that you can envision.

Available Stock | Quick Ship

When you need products to complete a project in a hurry, our Quick Ship Collection offers products that are in stock and ship within 24 hours. Available in 6 new plated metal finish options, 5 wood & resin finish options, 25 new finial designs and over 20 new bracket and accessory styles.

Superior Service

Paris Texas Hardware promises to offer an enjoyable customer experience that includes honest dialogue and responsive feedback.

Designer Expertise

Our talented team, with years of experience, are ready to help design the perfect window treatment solution for your project. Look for the icon throughout the catalog for tips, techniques and inspiration provided by our design experts, and download the full booklet using the QR code above, or by visiting: bit.ly/PTH-DE

Our 1 ⅛" Diameter Collections have finial designs you know and love, now in a larger 1 ⅛" diameter + brand new designs and styles!

Mid-century design finds bold new expression in the Clean Deco Collection, featuring 8 new finial designs and a Deco Cuff / Finial Adapter.

Modern Accessories include brackets and rings to complete your Modern Style.

Mix & Match capabilities allow you to create customized mixed media combinations or add a little glamour to your finials.

Hand blown glass, clear crystal, modern acrylics, metal, wood and resin textures in rustic rush, knurled patterns and deco inspired lines combine to create mixed-media finial designs with layers of visual interest.

Our curved 1 ⅛" & 1 ⅜" French Return elbows with stylish mounting plates allow panels to wrap all the way to the wall for a clean transitional look and can be paired with our French Return Bands to help reduce sidelight.

Metal Traverse is available in motorized and manual options! Select from 1 ⅜" Diameter R-TEC Automation® or 1 ⅛" - 1 ⅜" Diameter Baton Draw.

Our new R-TEC Automation® Slim Drapery Motor is designed to install effortlessly without compromising the look of your window treatment.

Our R-TEC Smart Control line allows control of window treatments from the palm of your hand or the sound of your voice, at home or away.

R·TEC AUTOMATION®

Dark Metal with Inlaid Crystals on Black Metal Pole with Zane End Cap

Designer Expertise

Place Crystal Bands anywhere along the pole for extra customization - there's no limit! »

Clean Deco Style

Upgrade your finial with the 1 ⅛" Deco Cuff / Finial Adapter to create deco-inspired style, or to adapt your finials to the metal traverse systems

new 1 ⅛" Deco Cuff / Finial Adapter
PO118DECUFF
¾" L x 1 ⅜" W
Metal, Antique Gold on Luminous Metal Pole with Kensington - Crystal Finial - mix & match finishes!

How To Add Your Band or Cuff »

1 Select your Cuff style and finish - Mix & Match for the ultimate customization.

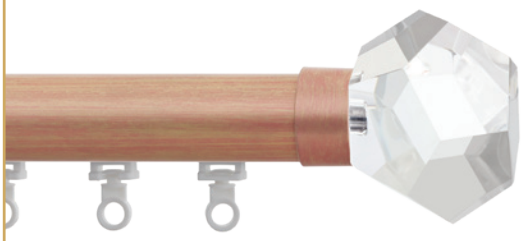

2 Place Cuff onto metal pole and tighten set screw with Allen Wrench.

3 Install finials by screwing into the Cuff / Finial Adapter.

Style Meets Function

1 ⅛" Finials require a cuff / finial adapter to work with 1 ⅛" Metal Traverse.
See pages 82 - 89.

Endless *Finishes*

35 Portfolio Hand Painted Finishes »

We've expanded our popular Portfolio finish assortment to include 10 new design-inspired finishes for a total of 35 sophisticated finishes hand painted by our own talented artisans.

PTH Perfect Match™ »

Our talented artisans also enjoy creating the perfect match to any finish that you can envision. Select from any Benjamin Moore® paint color and we'll apply it to your sheen specification with the option to add highlights to fully customize the finish.

5 Quick Ship Wood & Resin Finishes »

Select from our Tried and True Quick Ship Wood & Resin finishes. Available in Platinum (PL), Walnut (WAL), Rose Gold (RG), Antique Brass (AB) and Oil Rubbed Bronze (ORB). See pages 130 - 133 for available finial styles.

R-TEC AUTOMATION® by Rowley®

THE DIFFERENCE IS IN THE DETAILS

The sophistication is reflected in the simple form & sleek lines »

Aesthetic »

- Easy to conceal behind drapery fabric.
- Electronic limit allows accurate preferred open and close limit settings.
- Favorite position allows one additional position between open and close limit settings.
- Motor starts and stops slowly and gently, maintaining the aesthetic of your drapery treatment.

Flexible »

- Light touch start/stop function: Pulling the drapery gently triggers motor to run automatically.
- Versatile master carrier reduces friction & is adaptable to various drapery types.
- Adjustable drapery speed control.
- Compatible with R-TEC Smart Controls on page 71.

Efficient »

- Manual override permits the drapery to be adjusted manually, making it ideal for power outages.
- Obstruction detection: If the drapery motion is obstructed while motor is running, the drapery motor stops automatically to prevent any damage.

Finish »

Traverse Systems include track, stationary pole, brackets and glides. Wood fascia for back track available.

Heavy Duty Corded or Baton Traverse | Overview *new*

Included in System: Heavy Duty Traverse Track(s), Brackets & Components

Heavy Duty Corded or Baton Draw Traverse

- Corded or Hidden Baton; Stainless Steel Clip attaches onto Master Carrier
- Center Draw or One-Way Draw with Pinch Pleat or Ripplefold Glides in 60%, 80%, 100% and 120% fullness
- Batons sold separately on page 101: 1 per Master Carrier - 2 for Center Draw; 1 for One-Way Draw

Heavy Duty Traverse Track

- Track sold in 2 foot increments, 4' minimum
- Maximum continuous length is 20'; spliced lengths up to 40'
- Available in white or bronze /BR
- May be ordered with or without Fascia
- Fascia options shown on page 104

Features

Heavy Duty = Don't Worry!

Recommended for heavier fabrics with lining or treatments mounted 10' from the floor, providing comfort for your customized draperies.

Easy Draw Operation

Two heavy duty track profiles provide the ease you're looking for when it comes to draperies, and the ability to move when and how you want.

Stylized Fascia Profiles

Availability of Smooth, Reeded, Grooved / Fluted, Slim Round Smooth, Flat Smooth or Mitered Returns, the possiblilities are endless!

C-Ring System Available

With three diameters available, C-Rings offer the ease of pinch pleat traverse while keeping your finish safe from harm, providing style and functionality.

See Retail Price List for more traverse system details.

Mix & Match

Create an even more *customized* design »

Need Some Glamour?

Pair a 1 ⅛" Crystal Band with your favorite 1 ⅛" finial design. Place 1-2 anywhere along the pole for the ultimate customization.

Transitional Style

Use a 1 ⅛" or 1 ⅜" Transitional Cuff / Finial Adapter to adapt your finials to the metal traverse systems, or use the cuffs to mix & match finishes and customize your design.

Clean Deco Style

Upgrade your finial with the 1 ⅛" Deco Cuff / Finial Adapter to create deco-inspired style, or to adapt your finials to the metal traverse systems.

How To Add Your Cuff / Finial Adapter »

1 Select your Cuff style and finish - Mix & Match for the ultimate customization.

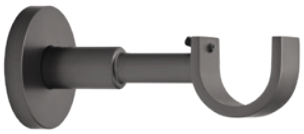

2 Place Cuff onto metal pole and tighten set screw with Allen Wrench.

3 Install finials by screwing into the Cuff / Finial Adapter.

Finishes

Finishes with antiquing, dusting or glazing will vary from product to product depending on the level of detail. Areas with deeper recesses will appear darker than smooth areas. For the best possible finish match, refer to the 2022 Paris Texas Hardware Finish Chips. These chips have smooth, fluted and carved detailed areas, enabling you to see the beautiful shadings and highlights that make our finishes so special.

Strike-offs: For an additional fee, Paris Texas Hardware can provide a sample of your Portfolio or PTH Perfect Match™ finish on any wood or metal pole as requested. See Retail Price List for upcharge. Customer approval of the strike-off sample is required before production will begin. Touch up paint can be sent to the customer on request, for an additional charge. See Retail Price List for upcharge.

Materials

Some finials, brackets, holdbacks and rings are made of resin composite materials. Resin may be damaged by cutting, drilling or attempting to alter the size or shape of products. Some items are made of cast aluminum or stamped steel. Wood poles and wood rings are made of various hardwoods. Metal poles and metal rings are made of metal or steel.

Poles & Rods

Wood poles may be spliced together using a dowel splicing screw, which is included with each pole. Metal poles may be spliced together using our pole splice, sold separately, or a dowel splicing screw where plastic inserts are included. We recommend a center support bracket for pole lengths in excess of four feet. We cannot guarantee against sagging caused by unsupported spans greater than our recommended four feet.

Finials

All finials are sold as pairs. Most resin finial bases have a ⅛" recess for a clean pole fit. Resin finials are fitted with a dowel screw that may not be removed without damaging the finial. 1 ⅛" metal finials are supplied with plastic inserts to attach the finials. 1 ⅜" metal finials are fitted with a set screw, which can be tightened using an allen wrench provided.

Brackets

Brackets are sold individually. Depending on the style of the bracket, there are three wall mounting styles; key lock, round mounting plate or front drill. Some heavier treatments may require stronger fasteners (mollies and screws) than those included with the brackets. Brackets should be installed securely into wall studs.

Rings

Rings are sold individually. Eyelets are not detachable from rings. Excessive movement of rings on the top of the pole will naturally abrade the finish. We recommend three to four rings per foot of finished pole length, or six to seven rings per width of fabric.

Production Time

Purchase orders are processed once they are received by Paris Texas Hardware. Incomplete information will delay processing and shipping. Quick Ship collections are in stock and ship within 24 hours. Quick Ship orders received before noon CST ship the same day. Portfolio custom collection is hand finished and ships within 10-15 business days.

Heavy Duty Corded or Baton & Motorized Traverse Systems

Heavy duty traverse systems are available with or without decorative wood fascia, available in 1 ⅜" or 2 ¼" smooth, reeded or grooved / fluted profiles with coordinating finials, 1 ⅞" slim round smooth profile, 2 ¼" flat smooth profile with flush ends or mitered returns, in Portfolio, PTH Perfect Match™ and Quick Ship Wood & Resin. Production time for traverse system orders is 10-15 business days. Please refer to page 104 for available fascia styles, sizes and finishes.

Metal Baton Draw & Motorized Traverse Systems

Metal traverse systems are available for 1 ⅛" and 1 ⅜" Portfolio **(except Antique Gold Leaf)**, PTH Perfect Match™, Quick Ship Metal and Quick Ship Wood & Resin **(1 ⅜" only, requires Transitional Cuff / Finial Adapter sold separately to attach finials).** Production time for traverse system orders is 10-15 business days. Please refer to pages 60 - 67 and 82 - 97 for available metal track sizes and finishes.

Pricing & Terms

Pricing found in the Paris Texas Hardware Price List are our Suggested Retail Prices. Prices are subject to change without notice. Due to the U.S. government's current policy on China tariffs, all products are subject to a tariff surcharge as of September 1, 2019. Prices are quoted exclusive of Freight and Packaging. The Buyer should always inspect the product upon receipt.

IMPORTANT: Please note that your order will be placed with an authorized Paris Texas Hardware Distributor. While most of the following will generally apply, your distributor may have terms and conditions of the sale that will vary from what is stated here.

Returns, Changes & Cancellations

All Portfolio and PTH Perfect Match™ products are custom painted and may not be Returned. Orders may not be changed or canceled once production has begun.

Quick Ship items may be Returned if poles are uncut and all products are received in sellable condition. A restocking fee of 40% will apply and the customer will prepay freight. All Returns must be authorized by the Paris Texas Hardware customer service department, and are authorized at our discretion, given the circumstances and nature of each order. A Return Authorization Number (RA#) must be issued by customer service, and the RA# must be noted on all Return packages. Return Credit is issued on Returned goods that are inspected and deemed undamaged. Customers should exercise care to adequately package Return goods. Return Credit will not be issued for unauthorized Returns or damaged Returns.

Shipping (NET Fees)

All hardware orders are shipped FOB Dallas, Texas. Poles over 96" MUST be shipped by common carrier. Please see the Paris Texas Hardware Retal Price List for applicable Freight and Packaging fees. Expedited shipments are not available in all areas. Any additional charges for expedited shipments will be in addition to the published net fees.

The following orders will be subject to actual freight costs:
- Shipments going to Alaska, Hawaii, Idaho, Montana, Puerto Rico or any international destination.
- Orders with poles or tracks exceeding 96" in length
- Orders that exceed a $2,500 SRP

Packaging Fees (NET Fees)

A net packaging fee of $10.00 per order will apply to any order that has a pole. A net packaging fee of $10.00 will apply to any order with a traverse rod less than 16 feet. The net packaging fee increases to $25.00 for all orders with rods with returns; motorized traverse track; or poles, rods and corded traversing track 16 feet or longer.

Damaged Goods & Freight Claims

Immediately upon receipt, your order should be inspected to ensure that there is no damage from shipping. To report a claim, contact your Paris Texas Hardware distributor. Damage and freight claims must be made within 15 days of receipt of goods. Claims reported after 15 days will not be accepted. To expedite the claim process, please provide your distributor with the following information: purchase order number, Paris Texas Hardware order number, shipping phone number and address, a complete list of damaged items and a picture of the box/packaging. Freight companies require all packaging materials and damaged items to be kept for inspection. Merchandise damaged in shipping will be replaced. Our policy is that we replace damaged product per the original order. Please note on the Bill of Lading if there is any possibility of damage. If shipping through a 3rd party, distributor is responsible for claiming damages and the remakes will be at charge.

Installation

We recommend using a professional installer. Installation hardware is included. The fasteners (screws and mollies) may not be appropriate for every installation or wall material. Brackets and holdbacks should be installed securely into wall studs when possible. Paris Texas Hardware will not assume responsibility for damages incurred by improperly mounted or inadequately supported hardware.

For your convenience,

you can unfold this cover to view all of our standard finishes as you browse our product catalog.

PTH Perfect Match™

Here's How It Works »

Choose any Benjamin Moore® color in either **high-gloss** or **eggshell** sheen level.

For a minimal service charge, we will apply your specified color to your Paris Texas Hardware selection and responsibly dispose of any leftover paint.

Make It Your Own »

For a minimal service charge, we will **add highlights** to your PTH Perfect Match™ hardware selections.

Highlights are only available on PTH Perfect Match™ finishes.

Choose from 4 highlight options »
